(See report.)

K. T. Newman stated that there were no compliance issues to report and all water samples passed all standards set by the Dept. of Health for July, 2025; there are no active boil water notices in effect as the most recent notice for the Hidden Lake area expired today.

The water line to Gray Goodman's property has been installed and all that is left is for Mr. Goodman to complete the water user's application and pay the \$650 fee. The bore under Willow Way was estimated to be 300 feet, but due to the instability of the creek bank, it will be 475 feet so it will cost an additional \$7,000 more than the initial estimate. The pipe is currently in place at Willow Way.

The CDBG Pre-Construction meeting with Waggoner Engineering is scheduled for 10 a.m. tomorrow at the Board of Supervisors building. Work will soon begin on Compress Street. A jettie usage report and the July claims docket totaling almost \$25,000 are attached to the report.

Commissioner Carolyn Andrews asked about the Willow Way bore and K. T. Newman reiterated the scenario that exists at this location (this item was discussed at the May 13, 2025 and July 8, 2025 Board meetings).

A motion was made by Commissioner Sammy Brown to pay the additional \$7000 for the Willow Way bore to install the water line; the motion was seconded by Commissioner Scott Rye.
