WEST MADISON UTILITY BOARD OF COMMISSIONERS

April 14, 2025

Dear Valued Customer,

We appreciate the opportunity to serve you and thank you for being a part of the West Madison Utility District community. Our mission has always been to provide reliable, high-quality water and sewer services while maintaining a responsible and sustainable approach to operations.

As part of our commitment to maintaining and improving the infrastructure that supports your service, The Board of Commissioners has approved a rate adjustment that will take effect on **July 1, 2025**. This change is necessary to keep up with rising operational costs, regulatory requirements, and ongoing system maintenance and upgrades.

New Rates Effective July 1, 2025

Water:

\$45.00 per 0-2,000 gallons
\$5.00 per thousand thereafter

Sewer:

\$40.00 per 0-2,000 gallons
\$5.00 per thousand thereafter

We understand that rate changes can be concerning, and we want to assure you that this adjustment was made only after careful evaluation and planning. These updated rates will help us to continue to deliver safe, dependable service while investing in long-term improvements that benefit all customers.

For questions regarding the new rates or how they may affect your bill, please contact our office or visit our website.

We thank you for your understanding and continued trust in West Madison Utility District.

Sincerely,

BW BROWN, PRESIDENT
West Madison Utility District

"Keeping A Basic Necessity Flowing"
